Pumps

**Sundyne/Sunflo/Marelli/
HMD Kontro**
Centrifugal and multi-stage
API-610 process pumps. Sealless
magnetic driven process pumps.

**PumpWorks Industrial
PumpWorks 610**
Low-flow ANSI, self-priming &
ANSI/ASME B73.1 process pumps

Dean/Fybroc
High temperature pumps, ANSI
B73.1, API 610, vertical sump, end
-suction process pumps. Fiberglass
reinforced vertical sump,
self-priming and mag drive pumps.

Travaini Pumps USA
Liquid ring and rotary vane
vacuum pumps and systems
Liquid ring process gas
compressors

Hydra-Cell
Positive displacement pumps,
sealless, high-pressure, with
metering pump accuracy

Lobeline
Positive displacement rotary lobe
pumps

Gorman Rupp
Self-priming, solids handling
submersibles and end-suction
centrifugal pumps.

Viking Pumps
Internal and external gear, rotary
vane and industrial lobe pumps,
API 676 and traditional service
models

Wilden Pumps
Air-operated double-diaphragm
pumps.

Xylem
Line-shaft vertical turbines,
horizontal single and multi-staged
centrifugal pumps. Submersible
sump, effluent, non-clog and
grinder pumps.

Vaughan
Chopper pumps for horizontal,
submersible, vertical, self-priming
and dry pit applications

**Barnes/Burks/Crown/Deming/
Weinman**
Horizontal & Vertical End-Suction
and Split-Case Centrifugal Pumps,
Vertical Turbine, Liquid Ring &
Sump Pumps

Process Gas, Air & Power

Sundyne
Integrally geared single-stage and
multi-stage compressors

Gardner Denver
Positive displacement industrial
blowers—Cycloblower, Duroflo,
and Sutorbilt

FS-Elliott
Centrifugal air compressors

Elliott Turbines
Single-valve, single-stage and
multi-stage general purpose and
API-611 steam turbines and
turbo expanders

Sewer Treatment Plants

Delta Process Equipment
Activated sludge/extended aeration sewage treatment plants from 500 gpd to 100,000

Pump & System Controls

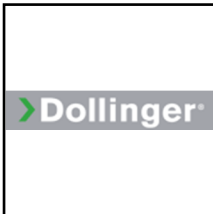

Primex
Relay logic, PLC logic, VFD options, lift station and sewage treatment plant control

Cox Research
Control panels; level detectors; relay logic, VFD options, lift station and sewage treatment plant control

Filtration & Dryers

Dollinger
Air, liquid and gas filtration packages and replacement elements

Pneumatech
Refrigerated air and gas dryers, regenerative air dryers, compressed air/gas filters and oil water separators

LOCATIONS & BACKGROUND

Delta Process Equipment (a DXPE company) has served the Deep South for over 40 years with quality industrial and municipal fluid and gas applications. Along with our applications expertise, DPE is an Authorized Service Center for most products we represent, and recognized by Sundyne Fluid Handling as a Tier-I representative, the highest award for their rigorous ChannelOne review system. The ChannelOne program evaluates customer service, safety, repair shop organization, standardization and training.

The result is **QUALITY, DEPENDABILITY, AVAILABILITY AND EXPERTISE** for our customers.

Our fully capable repair, packaging and manufacturing facilities are located throughout the region, and are ready to serve you.
